CAPABILITY STATEMENT

ABOUT US

New Leverage Identity Security is a minority-owned cybersecurity advisory firm specializing in Identity & Access Management (IAM), Privileged Access Management (PAM) and AI-enabled Identity Governance. We support federal, state, and regulated commercial organizations by reducing identity risk, modernizing access controls, and operationalizing Zero Trust through assessment led advisory and hands-on execution. Our approach is vendor-agnostic, compliance-aligned, and risk-focused.

NAICS CODES

541512 | 541513 | 541519 | 541611 | 541618

CAGE: 9Q2B4

UEI: Y4Y3GXTDGD7D8

EIN: 87-2587627

Business Type: Small Business, Minority-Owned
SBA 8(a) Program: Application Under Final Review
(Pending Certification)

ASSESS IDENTITY RISK & MATURITY

- IAM/PAM maturity assessments
- NIST 800-53, 800-171, CMMC identity control mapping
- Privileged account discovery & architecture review

Deliverables: Risk scorecard, compliance gaps, prioritized roadmap

RATIONALIZE TOOL & COST OPTIMIZATION

- IAM, PAM, MFA, IGA tool overlap analysis
- License utilization & cost optimization
- Vendor-agnostic capability evaluation

Deliverables: Tool rationalization report, target-state identity stack

CORE COMPETENCIES

MODERNIZE ZERO TRUST IDENTITY

- PAM & IGA modernization (on-prem, hybrid, cloud)
- Zero Trust identity architecture
- Cloud IAM, MFA, SSO, least privilege automation

Deliverables: Target architecture, implementation plan

GOVERN AI-ENABLED IDENTITY GOVERNANCE

- AI-assisted access reviews
- Identity behavior analytics & privilege risk scoring
- Continuous compliance monitoring

Deliverables: Identity risk dashboards, reduced review fatigue

- Deep specialization in IAM, PAM, and Identity Governance
- Assessment-led, advisory-first engagement model
- Vendor-agnostic, compliance-driven recommendations

DIFFERENTIATORS

- Experience supporting regulated, high-assurance environments
- Agile small business suited for 8(a), sole-source, and prime teaming
